

Please do not allow the LPFM stations to over-ride KLOVE. This station provides my family with music that reflects our values and morals. KLOVE is a station that my entire family can listen to without me needing to be on my toes for inappropriate material. There are possibly hundreds of thousands of listeners of KLOVE in Oklahoma. You would be doing a great disservice to our community if you allow the LPFM stations to override one of the only two Christian music stations in Oklahoma.
